BLACK MARKET CRACKDOWN IS OFFICIAL AIM

OPA, Justice Department Act To Help U.S. And Europe Food Supply

(By Associated Press)
WASHINGTON, April 30.—The government turned more heat on black market today with the aim of improving the domestic food situation and halting the diversion of famine relief supplies for overseas.

The justice department announced a "vigorous crackdown" on income tax evaders suspected of reaping black market profits.

"We're going after these fellows," Attorney General Tom Clark announced.

OPA also disclosed a stepped-up enforcement campaign aimed primarily at the black market in meat, which Secretary of Agriculture Anderson said is thwarting the nation's efforts to meet relief export goals in land and meat.

Will Increase Force
Administrator Paul Porter said OPA soon will have 850 enforcement agents working against the meat black markets, as compared with about 650 at present. Porter was hopeful of "a marked change" in the situation within the next two months.

The food picture was marked by these developments:
1. The agriculture department reported it will take five years to restore European food production to pre-war levels.

2. Another agriculture report placed the nation's April corn supply stocks 19 per cent under last year's figures.

3. Secretary Anderson warned that food shortages here may continue into 1948 and asserted in a speech yesterday that further food sacrifices will be sought from the public. He also gave details on the latter point.

4. Latest government statistics disclosed that the general level of farm product prices soared since July, 1920. The lift came from major advances in prices for meat, animals, fruits and cotton.

President Steps In
President Truman canvassed the food situation again yesterday in a conference with four high-ranking aides. A brief while earlier he appealed to a group of 300 Washington clergymen for their help in promoting food conservation.

In the subsequent White House conferences Truman talked with Secretary Anderson; Dean Acheson, acting secretary of state; Secretary of War Patterson, and John L. Sullivan, assistant secretary of the navy.

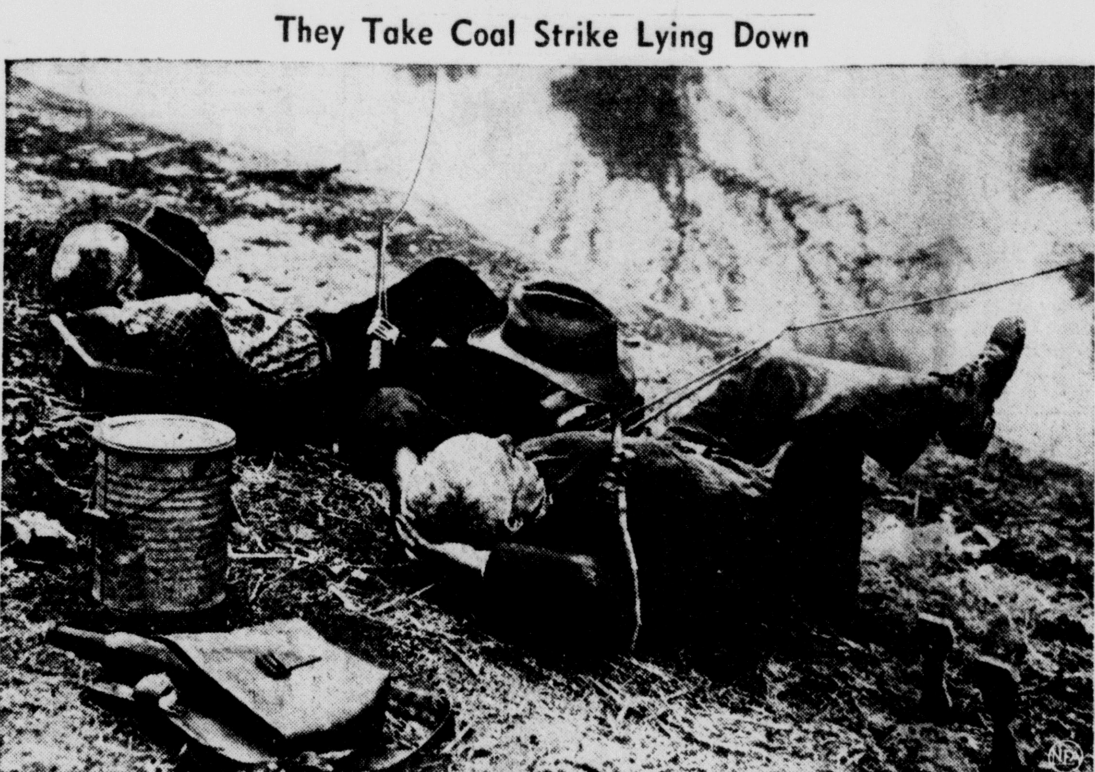

Acheson and Anderson have differed recently over what steps the government should take to step up relief shipments, with Acheson endorsing such drastic measures as seizure of wheat. Anderson favors a less sweeping policy marked by voluntary cooperation.

Whether these differences were threshed out at the conference was not disclosed. Anderson said the meeting was part of an effort to adjust relief shipment holdings "to be a little more helpful to army schedules." Others who attended would not comment.

Closet Lewis To End Strike

BY HAROLD W. WARD
WASHINGTON, April 30.—

The government put John L. Lewis in a room with the soft coal operators today and insisted they negotiate a new contract to end the critical 30-day-old mine shutdown.

Secretary of Labor Schwel-lenbach stationed two seasoned "umpires" in the room with the committees of miners and operators to make certain the discussions keep going if at all possible.

Then he stepped out of the picture and expressed the conviction the groundwork had been laid for eventual settlement.

The two government mediators were Edward F. McGrady, one-time assistant secretary of labor and now a vice-president of the Radio Corporation of America, and Paul W. Fuller, a former labor organizer, Methodist circuit rider and coal miner.

Schwel-lenbach and his aides were noncommittal about whether any specific propositions had been given to the operators or to Lewis.

McGrady said it was "too early to tell" whether any progress had been made up until today.

Lewis was pleasant but uncommunicative. The operators conceded that for the present at least, it was a government "show."

Schwel-lenbach said the meetings had been resumed at the government's request—not the operators' or Lewis'—and he was trying to keep the negotiations going despite the unswerving stands of the disputing parties.

Return From Grass Roots
Convinced That People Approve Action

By WILLIAM F. ARBOGAST
WASHINGTON, April 30.—House Republicans insisted today their visit back home convinced them they were right in voting to whitelash down OPA.

Not one of the GOP members returning from a hurried pre-campaign trip to the political grass roots reported any widespread dissatisfaction among constituents over the drastic curbs written into the price control extension bill just before the house quit for its 10-day Easter vacation.

Public sentiment over that action was one of the things members wanted to learn about at home. Republicans were particularly concerned because it was under their leadership that the house took the course it did.

Martin Sees Approval
Republican Leader Joseph W. Martin, Jr., of Massachusetts told reporters he found that "the people want the OPA structure retained but they want sanity and efficiency in its operation."

That's what Republicans want, too, Martin added.

Rep. Wolcott of Michigan, top Republican on the banking committee and spearhead of the drive against OPA, said he found little dissatisfaction back home.

The people generally think it's about time that OPA was curbed a little," Wolcott said in an interview. "I found much more praise than condemnation for the action we took."

Another Republican chieftain, Rep. Jensen of Iowa, told reporters the only reaction he observed was a feeling on the part of the voters that the house didn't go far enough when it started working on OPA.

A group of southern Democrats joined with the Republicans in putting through amendments the administration has said would nullify price control.

OHIO CANAL PLANS IN SENATE AGAIN
WASHINGTON, April 30.—A new attempt to win final congressional approval of a \$38,500,000 canal in Ohio is expected in the senate.

Proponents, declining to be quoted by name, said the proposal will be made when the senate commerce committee considers a general navigation authorization bill which probably will be acted upon by the house this year.

The canal, linking the Ohio river at Rochester, Pa., with Ohio's steel district, requires an authorization of \$1,500,000.

U. S. Proposal Will Group 4-Power Military Strength To Maintain Europe's Peace

By FLORA LEWIS
PARIS, April 30.—A long-term United States foreign policy, pledging American military might to keep the peace in Germany for at least a quarter of a century, emerged today in the form of a proposal by U. S. Secretary of State James F. Byrnes for a four-power mutual assistance pact.

The hitherto secret United States proposal, which would combine the military forces of the United States, Russia, Britain and France to assure a permanent German disarmament, was made public by Byrnes at a press conference last night.

The secretary of state also disclosed he had drafted a similar pact to keep United States and other Allied forces on the alert against a revival of militarism in Japan, but declined to announce details of this proposal.

Byrnes said Premier Stalin had supported the idea for the four-power treaty on Germany last Christmas when the two discussed the matter in Moscow. Vyacheslav Molotov, Russian foreign minister, yesterday opposed placing the matter on the conference agenda.

France and Britain have accepted the proposal in principle, Byrnes said, and Russia has expressed willingness to discuss it, although without setting a definite time.

Whether the treaty draft will be placed on the agenda remained unsettled.

Senate Leader OK's
The proposed pact apparently was put forward with the sanction of Sen. Connally (D., Tex.), chairman of the senate foreign relations committee, and Sen. Vandenberg (R., Mich.), ranking minority party member of the committee, who are acting as Byrnes' assistants at the conference.

It was an answer to fears, which Byrnes said had been expressed by Stalin and other leaders, that the United States might withdraw from European affairs as it did after the first World war.

The proposal requires German acceptance as a condition for the withdrawal of Allied occupation forces from the Reich, and provides for four-power supervision of Germany for at least 25 years after the end of the present occupation.

Byrnes' suggestion would insure that German armed forces are "completely disarmed, demobilized and disbanded," that such organizations as the storm troopers and the Gestapo are wiped out, and that no military equipment or explosives are manufactured.

Atomic energy research would be outlawed through a prohibition of the production of "all fissionable materials for any purpose."

The four signatories would adopt a "system of quadripartite inspection" to make certain that Germany obeyed the instructions, and armed forces of the four powers would stand ready to move promptly against the Reich in the event of rearmament or other infractions.

LISBON, April 30.—While strikes and unemployment prevail in most industries today, the agricultural situation in Columbiana county presents an entirely different picture, County Agent Floyd Lower stated in appealing for laborers to work as "farm hands."

Lower stated there are now names of 35 farmers needing help in this county, some as high as three and four men to work as general farm hands. This is in addition to 50 veterans who have made application for on the job training on farms other than those listed above.

Last year 50 Jamaican laborers were imported as farm hands in this county, and the results were so satisfactory that a request was placed for 300 this year, Lower stated.

The request was compiled after a survey of the county in which farmers and fruit growers needing help asked for numbers of the im-

Jap Reveals Plot After Poison Attempt On His Own Life

(By Associated Press)
TOKYO, April 30.—General MacArthur was marked for assassination May day—tomorrow—with hand grenades and pistols "some time during Communist demonstrations" near his headquarters, his office announced today.

American authorities learned of the assassination plot through one of the participants whom Hideo Tokayama, the accused but unapprehended leader, attempted to poison, said Brig. Gen. Payne Baker, MacArthur's public relations officer.

Government Apologies
The Japanese government officially presented its apologies at MacArthur's office as reports of the plot—spreading like wildfire through Tokyo—stirred Japanese fears of harsher occupation policies.

Kyuchi Tokuda, general secretary of the Communist party, quickly said the Communists weren't involved and added, "We have absolutely no reason to do away with General MacArthur."

Tokayama, former Kempeitai (though police) officer who later became a Kamikaze (suicide) pilot, was known to possess grenades and pistols, Baker said. He was engaged for some time in preliminary arrangements to "enlist assistance" in a plot to kill MacArthur, a headquarters statement added, and had accumulated 140,000 yen (\$9,333) for the purpose.

"At one time in his negotiations he attempted to kill, by putting poison in his coffee, one of the plotters because he felt this man would fail," the announcement said.

"Fortunately, the poison was not immediately fatal. He was taken by the Japanese police to an American hospital, where through experienced assistance he was revived and detailed parts of the plot."

Informant Unidentified
The informant, not identified by headquarters, will be kept in custody as one of the original plotters, Baker said. Japanese police released a photograph of Tokayama, the Japanese press in an effort to speed his arrest.

The headquarters announcement said: "A plot has been uncovered to assassinate the supreme commander of the Allied powers as an incident to the Communist parade and mass meeting scheduled for May 1. The leader of the plot is Hideo Tokayama, who has not yet been apprehended. Other known plotters still are at large, but are being rounded up."

Wooster College Classes To Imitate Chaucer's Day

WOOSTER, April 30.—Table manners of Chaucer's time, Wooster college banquets will find tonight, would have been a bit on the side frowned upon by Mrs. Post but the rules were simple.

No quarreling at the table; no making faces; no stuffing the mouth with food like an ape; no eating on both sides of the mouth.

The revenue which goes toward maintenance of streets, roads and bridges, is distributed 47 per cent to the county, 25 per cent to the cities and villages, while 23 per cent of the total revenue is retained by the state, and 5 per cent goes to the state equalization fund from total automobile registrations amounting to \$179,950 so far this year.

The county road and bridge fund for highway maintenance is credited with \$84,576 as its share in the 47 per cent distribution, plus the \$13,300 in the 25 per cent distribution to districts of registration in the advance on auto revenue.

East Liverpool received the next largest sum in the distribution, \$10,625 in the advance.

Salem will receive \$6,525; East Palestine, \$3,375; Columbiana, \$2,275; Wellsville, \$2,100; Lisbon, \$2,000; Leetonia, \$2,000; Sallenville, \$1,725; New Waterford, \$1,725; Rogers, \$2,225; Washingtonville, \$2,000; Hanover, \$1,500; and Summitville, \$62.50.

Republican Says He Will "Fight Vigorously" To Get Senate O.K.
PARIS, April 30.—Senator Arthur H. Vandenberg (R-Mich.) said today that if Britain, Russia, and France accepted Secretary of State James F. Byrnes' proposal on the German disarmament treaty he would "fight vigorously" to put it through the senate.

Vandenberg is a member of the delegation which accompanied Secretary Byrnes to Paris for the current foreign ministers' conference.

"This is clearly the effective formula for dependable security against resurgent Axis military aggression," he said in a formal statement. "Equally, it is the formula to clear the air of false issues in mapping the post-war world."

"I completely support Secretary Byrnes' able and courageous presentation of the matter."

Vandenberg laid special stress on the second sentence of his statement, recalling his speech of last year in which he said that Russia had continuously expressed fears about American intentions to back world security and that these fears were hindering Allied unity.

Vandenberg said he believed the United States should "sign on the dotted line" to prove it really meant to use armed forces to keep peace. He said he did not know whether the Republican party as a whole shared his endorsement of Byrnes' proposal.

Jap Reveals Plot After Poison Attempt On His Own Life

(By Associated Press)
TOKYO, April 30.—General MacArthur was marked for assassination May day—tomorrow—with hand grenades and pistols "some time during Communist demonstrations" near his headquarters, his office announced today.

American authorities learned of the assassination plot through one of the participants whom Hideo Tokuyama, the accused but unapprehended leader, attempted to poison, said Brig. Gen. Frayne Baker, MacArthur's public relations officer.

"Harvard men are all so cute" was the comment on the Cambridge campus recently when John Ganit, of Cincinnati, Ohio, was chosen as "Mr. Harvard of 1946." Above, he's pictured getting a congratulatory kiss from screen actress Chin Williams, left, while showgirl Patricia Neal whispers something or other. The "cute" Mr. Ganit, 21, is six feet, three inches tall, weighs 175 pounds.

Japs Shocked

News Of Plot on General Life Brings Fears Of U. S. Repercussions
TOKYO, April 30.—News of a frustrated assassination plot against General MacArthur tonight shocked the Japanese.

Their first reaction was twofold: a feeling that their country had lost face; fears that repercussions might be felt in every household.

The government officially apologized. Katsuo Okazaki, representing Foreign Minister Shigeru Yoshida, visited MacArthur's office two hours after Allied headquarters announced discovery of the plot. He did not see the general personally, but delivered a verbal message to aides.

Many Japanese immediately asked "will this create more anti-Japanese feeling in America?" they linked this with fear that adverse American reaction might complicate efforts to obtain food and might mean a longer, harsher occupation.

They also expressed regret that the incident might mar the occupation and change the attitude of MacArthur, whom the Japanese generally respect.

Some expressed suspicion over the obvious link with May day and opined that the plotters might be ardent rightists who were seeking to discredit the Communists or to place the blame on them.

TWO BADLY HURT AS CYCLE UPSETS

An East Palestine man and his wife were seriously injured when the motorcycle they were riding overturned after failing to make a curve on the Washingtonville-Leetonia road, at the outskirts of Leetonia, about 3 p. m. Monday.

Harold Durb, 31, of R. D. 2, East Palestine, who was operating the motorcycle, suffered a brain concussion and body lacerations. His condition at Salem City hospital is reported as fair.

His wife, Lucy, 25, is reported to be in critical condition at City hospital suffering from a fractured skull and abrasions of the body.

The accident occurred near the Leetonia reservoir when Durb was traveling south into Leetonia, the state highway patrol reported.

The Timing Was Bad

Florentino LaGuardia's plea for suspension of the coal strike to enable UNRRA to meet its fuel commitments in Europe couldn't have been timed worse. UNRRA's fuel commitments aren't as important right now as our own.

To make matters worse, Mr. LaGuardia did not propose suspension of the strike to enable the United States to get ahead with production, but only to furnish fuel for export. Europe's coal shortage is desperate, but John L. Lewis aims to create a condition of desperation in the United States, too. That is his customary strategy. The United States must express its regret to Europe for a condition over which it has no control. It cannot furnish coal for the same reason it cannot have uninterrupted production of things its citizens want—because labor leaders have bigger fish to fry.

In a report scarcely noticed at the time and forgotten now, the late OWI said last Sept. 1 there would be a shortage in the United States of 15 million tons of bituminous and 12 million tons of anthracite; in Europe of 50 million tons for the liberated countries alone. European production, due to war damage, would be years in catching up to demand. That, plus John L. Lewis, is why Europe is out of coal and probably won't be getting any more from the United States for a long time to come.

Wage Rate Blackmail

A threat by James B. Carey, secretary of the C.I.O., that union labor will precipitate more strikes if OPA is not continued in its existing form, has had its teeth pulled by abundant evidence that unions stand prepared to strike whenever they choose. United Auto Workers already has begun to talk about going on strike again, regardless of its new contracts.

The strikes that already have occurred—while OPA was in existence—the strikes now in progress and the strikes planned cannot be blamed on any interference with price control legislation. If OPA were continued past next June, with no change in its provisions, that would be no better guarantee against work stoppages than it has been since the end of the war.

The wage rate blackmail which Mr. Carey has described in testimony before the Senate banking committee is already in effect. Every strike that has been called has been rationalized by the increase in prices that has taken place under a law to control prices which C.I.O. says must be continued in effect without change, on pain of more strikes. In short, if OPA is kept in effect after next June with no change there will be strikes because the cost of living will go up. If it is not kept in effect, or if it is altered, there will be strikes because the cost of living will go up. It's six of one, half a dozen of the other. Heads we strike, tails we have a walkout.

Bilbo Sees Competition

Mississippi's Senator Bilbo, who has constituted himself a perpetual one-man embarrassment to Congress, has opened what might turn into a first-rate debate with the editors of Life magazine.

In a recent issue, the magazine listed 33 senators up for re-election this year and attempted to rate their abilities. Some they found eminently able. In many cases, the editors agreed that the candidates were sincere and tried hard. In a few cases, senators were tagged incompetent, but when the editors came to Bilbo The Man, they put him in a class by himself—the worst man in the Senate.

The Mississippian disagrees with this. He is not the worst man in the Senate, he contends. This suggests there is someone worse than he is. It suggests a new kind of reclassification, from the bottom up. Bilbo would not start with Bilbo, but with someone else. He would stand aside in favor of a worthy candidate for worst man in the Senate. It is to be hoped The Man will go on with this intriguing line of speculation. Who is the United States senator least likely to succeed, besides Theodore Bilbo?

Russia's Right To Be Skeptical

The Russian position in the United Nations security council's consideration of the Spanish question is logical.

Russia opposes an investigation by a subcommittee because it already has made up its mind about the Franco regime and has all the facts it wants. If other governments are not equally convinced that Franco should be ousted at any cost and a Spanish government friendly to the Russian point of view substituted, that is not because of any lack of evidence about the dictator's politics and policies but because of lack of sympathy for the Russian point of view.

Moreover, Russia's right to be skeptical about subcommittees organized to conduct investigations is beyond challenge. Investigating committees and fact-finding commissions are one of the oldest dodges of parliamentary procedure. Usually, they are the equivalent of an admission by the body which authorizes them that nothing is going to be done and therefore an investigation is called for to conceal that fact. There is always the possibility that something will turn up to eliminate the problem in the meantime.

Russia apparently is in a minority on the Spanish issue and will have to comply with the majority's decision to stall off a decision as long as possible with an investigation. Its right to be skeptical of the outcome, however, is uncontested. All the other governments concerned are skeptical, too, but their skepticism includes Russia's reason for wanting a change of government in Spain.

The Stars Say

For Wednesday, May 1.

A SUDDEN turn of events may accelerate major ventures of unusual elements into surprising, perhaps spectacular culmination. The mind is pitched to high tension with an original or unique idea, method or project attracting attention. There may be unlooked-for gain, benefit or advantage, with opportunity for a strange or unorthodox performance or way of doing things.

However, if this be undertaken with impetuosity, overdoing or under emotional stress or strain, it would prove hazardous and might bring unhappy reactions of health, nerves or peace of mind. Be guided by those in influential positions for surprising developments.

Those whose birthday it is may be suddenly surprised by a peculiar turn of events in which an unforeseen opportunity materializes for exceptional experience, venture, perhaps romance or travel. An original or spectacular skill, idea or plan might give rise to great good fortune, radically affecting the life, with long-range culmination.

But such propitious turns might be negated or jeopardized by rash, hasty, turbulent or emotional impulses. Keep calm, act within reason, and seek advice from those in high places or power. Be alert to accident or physical harm.

A child born on this day may possess an original mentality, with unusual or unconventional ways of doing things, but its brilliant ideas may be offset by tempestuous or rash impulses.

Lots of girls already have bought their 1946 bathing suit but just haven't had a chance to have their pictures taken yet.

More and more youngsters are taking the places of the old-timers on the baseball clubs. A player is as young as he fields.

The government promises a balanced budget by 1947—beating the average housewife by several years, no doubt.

The American Chemical society reports a new rubber that will stretch farther. To beat the band, as 'twere.

You better not believe it when told that you can get any kind of meat you want tomorrow. It's just a lot of baloney!

Plane, weighing 1/68th of an ounce, has wings of plastic film 2/10 000ths of an inch thick. When horsefly, cemented to front of plane, "takes off," the plane flies for several hundred feet.

GUARDING YOUR HEALTH

Purpura—A Blood Disorder

BY HERMAN N. BUNDENSEN, M.D.

THE truly marvelous precision of the body's construction is not often realized until disease intervenes to call attention to its normal and usual perfection.

Take the capillaries, for instance, those smallest of blood vessels which extend in a network through all the tissues of the body. Exceedingly tiny, exceedingly thin-walled, exceedingly fragile, they still have important work to do and it is their very fragility which enables them to do it.

Capillaries' Task

Their task is to bring the blood with all its life-giving elements into closest possible contact with hungry tissues, without at the same time allowing it to escape into them. This control over the overactive blood by the delicate tissue-paper capillary wall is one of the most remarkable of all the body's very remarkable powers.

Yet, once in a while, through some not well understood weakness, the capillaries fail in their job. The blood seeps through, with the result that there is bleeding into the skin and even into the mucous membrane and inner organs. This disorder is called purpura.

Nevertheless, according to Doctor Sidney C. Dyke of England, changes in the make-up of the blood are not the main factor in this disease. It is essentially due to capillary weakness. The lack of blood platelets, even though it always occurs in thrombocytopenic purpura, is not the actual cause of the trouble.

Red Spots

The bleeding may be in the form of tiny red spots called petechiae or there may be much larger spots of dark red or purple color.

There are different kinds of purpura. However, in general there are two classes—the purpura known as thrombocytopenic purpura in which there is a reduction of the number of blood platelets and the other type known as non-thrombocytopenic purpura, in which no such reduction occurs. The blood platelets are tiny bits of tissue which have to do with the clotting of the blood.

In the normal blood there are between 200,000 and 300,000 platelets present per cubic centimeter of blood. Bleeding into the skin is likely to occur when the number falls below 60,000 per cubic centimeter of blood.

Thrombocytopenic purpura, or the type in which the platelets are decreased, occurs most often in children and young adults and rarely appears after the age of 40. When the condition first starts it is often found that bruising occurs easily. Sometimes there may be nosebleeds. Then a few scattered petechiae will be noted on the skin surface.

In some cases, the disorder starts

more suddenly with large hemorrhages into the mucous membrane, as well as into the skin. In girls the condition may first show itself at the beginning of the monthly periods which are prolonged over many days.

Insofar as the treatment of thrombocytopenic purpura is concerned, Dr. Dyke believes that removal of the spleen will put an immediate and dramatic stop to all of the bleeding. The spleen is located in the left upper part of the abdomen.

Just what relation it has to this disorder is not known except that its removal is followed by a rise in the number of platelets in the blood over a number of days although the bleeding stops immediately with removal of the spleen.

When purpura has been present long enough to produce anemia or lessening of the coloring in the blood, it may be advisable to have injections of blood into a vein before the operation for removal of the spleen is carried out. It is not difficult to diagnose thrombocytopenic purpura if the number of platelets in the blood is determined.

Letters to Dr. Bundensen should be addressed in care of 235 E. 43th St., New York City.

The Stars Say

For Wednesday, May 1.

A SUDDEN turn of events may accelerate major ventures of unusual elements into surprising, perhaps spectacular culmination. The mind is pitched to high tension with an original or unique idea, method or project attracting attention. There may be unlooked-for gain, benefit or advantage, with opportunity for a strange or unorthodox performance or way of doing things.

However, if this be undertaken with impetuosity, overdoing or under emotional stress or strain, it would prove hazardous and might bring unhappy reactions of health, nerves or peace of mind. Be guided by those in influential positions for surprising developments.

Those whose birthday it is may be suddenly surprised by a peculiar turn of events in which an unforeseen opportunity materializes for exceptional experience, venture, perhaps romance or travel. An original or spectacular skill, idea or plan might give rise to great good fortune, radically affecting the life, with long-range culmination.

But such propitious turns might be negated or jeopardized by rash, hasty, turbulent or emotional impulses. Keep calm, act within reason, and seek advice from those in high places or power. Be alert to accident or physical harm.

A child born on this day may possess an original mentality, with unusual or unconventional ways of doing things, but its brilliant ideas may be offset by tempestuous or rash impulses.

Lots of girls already have bought their 1946 bathing suit but just haven't had a chance to have their pictures taken yet.

More and more youngsters are taking the places of the old-timers on the baseball clubs. A player is as young as he fields.

The government promises a balanced budget by 1947—beating the average housewife by several years, no doubt.

The American Chemical society reports a new rubber that will stretch farther. To beat the band, as 'twere.

It only takes two wearings to make a woman's new dress an old story.

It Flies—With One-Horsefly 'Engine'

Arrow in photo above points to a real, live horsefly. It's the "motor" of one-horsefly-power plane held by its builder, Dick Brickner, 12, of the St. Paul, Minn., Modelers' Club. Plane, weighing 1/68th of an ounce, has wings of plastic film 2/1000ths of an inch thick. When horsefly, cemented to front of plane, "takes off," the plane flies for several hundred feet.

GUARDING YOUR HEALTH

Purpura—A Blood Disorder

BY HERMAN N. BUNDESEN, M. D.

THE truly marvelous precision of the body's construction is not often realized until disease intervenes to call attention to its normal and usual perfection.

Take the capillaries, for instance, those smallest of blood vessels which extend in a network through all the tissues of the body. Exceedingly tiny, exceedingly thin-walled, exceedingly fragile, they still have important work to do and it is their very fragility which enables them to do it.

Capillaries' Task

Their task is to bring the blood with all its life-giving elements into closest possible contact with hungry tissues, without at the same time allowing it to escape into them. This control over the over-active blood by the delicate tissue-paper capillary wall is one of the most remarkable of all the body's very remarkable powers.

Yet, once in a while, through some not well understood weakness, the capillaries fail in their job. The blood seeps through, with the result that there is bleeding into the skin and even into the mucous membrane and inner organs. This disorder is called purpura.

Nevertheless, according to Doctor Sidney C. Dyke of England, changes in the make-up of the blood are not the main factor in this disease. It is essentially due to capillary weakness. The lack of blood platelets, even though it always occurs in thrombocytopenic purpura, is not the actual cause of the trouble.

Red Spots

The bleeding may be in the form of tiny red spots called petechiae or there may be much larger spots of dark red or purple color.

There are different kinds of purpura. However, in general there are two classes—the purpura known as thrombocytopenic purpura in which there is a reduction of the number of blood platelets and the other type known as non-thrombocytopenic purpura, in which no such reduction occurs. The blood platelets are tiny bits of tissue which have to do with the clotting of the blood.

In the normal blood there are between 200,000 and 300,000 platelets present per cubic centimeter of blood. Bleeding into the skin is likely to occur when the number falls below 60,000 per cubic centimeter of blood.

Thrombocytopenic purpura, or the type in which the platelets are decreased, occurs most often in children and young adults and rarely appears after the age of 40. When the condition first starts it is often found that bruising occurs easily. Sometimes there may be nosebleeds. Then a few scattered petechiae will be noted on the skin surface.

In some cases, the disorder starts

more suddenly with large hemorrhages into the mucous membrane, as well as into the skin. In girls the condition may first show itself at the beginning of the monthly periods which are prolonged over many days.

Insofar as the treatment of thrombocytopenic purpura is concerned, Dr. Dyke believes that removal of the spleen will put an immediate and dramatic stop to all of the bleeding. The spleen is located in the left upper part of the abdomen.

Just what relation it has to this disorder is not known except that its removal is followed by a rise in the number of platelets in the blood over a number of days although the bleeding stops immediately with removal of the spleen. When purpura has been present long enough to produce anemia or lessening of the coloring in the blood, it may be advisable to have injections of blood into a vein before the operation for removal of the spleen is carried out. It is not difficult to diagnose thrombocytopenic purpura if the number of platelets in the blood is determined.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

Candel Heads New Columbiana Band

COLUMBIANA — Reorganization of the American Legion band was effected Sunday afternoon at a meeting in the Legion home.

The band will start with about 40 members and will aim to be ready for the Memorial day observance May 30.

Ray Fisher, who was manager of the old organization before it became a war casualty, had called the meeting held Sunday and presided until a temporary organization was effected by the election of Raymond Candel as president, and Robert Clup secretary-treasurer.

Charles Esenwein and Harry Heltzel will be leaders. Another meeting will be held at the Legion home Tuesday evening, May 7.

Marcus Hum, Legion commander, plans an outstanding Memorial day observance, which will be considered at the meeting of the post next Monday.

Washingtonville

The young people of the Methodist church will attend a sub-county rally at Negley tonight. Harold White of Baldwin Wallace college will be the speaker.

There will be a meeting of the official board and the Sunday school board after the mid-week service Wednesday.

VA Records Show Decline In Unemployment Bonus

WASHINGTON, April 30 — The number of veterans drawing unemployment pay declined for the second straight week in April, and new applications have fallen to a four-month low of 151,757.

Announcing this today, the Veterans Administration said that in the two-week period ended April 20 the number drawing jobless benefits dropped from over 1,704,000 to 1,549,360. Amounts paid fell from a top of \$37,836,013 two weeks earlier to \$35,656,786.

Veterans Administration said the decreases were general throughout the country.

Old Husband More Stable, Says 14-Year-Old Bride

ATLANTA, April 30 — A 14-year-old bride, honeymooning with her 64-year-old bridegroom in a three-room cabin along a country road, said today that one thing she liked about the marriage was her husband's age.

"The old ones will stay in place and won't chase around after other women," she told an Atlanta Journal reporter.

The girl, Emma Lee Moore, said she had never been to school but could cook and that her husband, Porter Alexander Banks, a carpenter, liked her chocolate cakes.

The carpenter's application for a marriage license showed he was divorced in February from his first wife.

Emma Lee's mother, Mrs. Rosie L. Moore, who has eight other children, signed a waiver to the marriage. Emma Lee's father died three years ago.

NEW TREATMENT CHASES PIN-WORMS

Millions have suffered in silence with the miseries of Pin-Worms—but need suffer no longer! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P.W., the Pin-Worm tablets developed in the laboratories of Dr. D. Joyce & Son.

The small, easy-to-take P.W. tablets act in a special way to remove Pin-Worms and relieve that tormenting rectal itch. So if you suspect Pin-Worms in your child or yourself, ask your druggist for a package of JAYNE'S P.W. right away, and follow the directions.

It's easy to remember: P-W for Pin-Worms!

Lady Nearly Choked

While Lying In Bed— Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP! Lease Drug Stores.

Candel Heads New Columbiana Band

COLUMBIANA — Reorganization of the American Legion band was effected Sunday afternoon at a meeting in the Legion home.

The band will start with about 40 members and will aim to be ready for the Memorial day observance May 30.

Ray Fisher, who was manager of the old organization before it became a war casualty, had called the meeting Sunday and presided until a temporary organization was effected by the election of Raymond Candel as president, and Robert Culp secretary-treasurer.

Charles E. Ewen and Harry Helzel will be leaders. Another meeting will be held at the Legion home Tuesday evening, May 7.

Marcus Hum, Legion commander, plans an outstanding Memorial day observance, which will be considered at the meeting of the post next Monday.

VA Records Show Decline In Unemployment Bonus

WASHINGTON, April 30—The number of veterans drawing unemployment pay declined for the second straight week in April, and new applications have fallen to a four-month low of 151,757.

Announcing this today, the Veterans Administration said that in the two-week period ended April 20 the number drawing jobless benefits dropped from over 1,704,000 to 1,549,360. Amounts paid fell from a top of \$37,836,013 two weeks earlier to \$35,656,786.

Veterans Administration said the decreases were general throughout the country.

Old Husband More Stable, Says 14-Year-Old Bride

ATLANTA, April 30—A 14-year-old bride, honeymooning with her 64-year-old bridegroom in a three room cabin along a country road, said today that one thing she liked about the marriage was her husband's age.

"The old ones will stay in place and won't chase around after other women," she told an Atlanta Journal reporter.

The girl, Emma Lee Moore, said she had never been to school but could cook and that her husband, Porter Alexander Banks, a carpenter, liked her chocolate cakes.

The carpenter's application for a marriage license showed he was divorced in February from his first wife.

Emma Lee's mother, Mrs. Rosie L. Moore, who has eight other children, signed a waiver to the marriage. Emma Lee's father died three years ago.

Lady Nearly Choked While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP! Lease Drug Stores.

Candel Heads New Columbiana Band

COLUMBIANA — Reorganization of the American Legion band was effected Sunday afternoon at a meeting in the Legion home.

The band will start with about 40 members and will aim to be ready for the Memorial day observance May 30.

Ray Fisher, who was manager of the old organization before it became a war casualty, had called the meeting held Sunday and presided until a temporary organization was effected by the election of Raymond Candel as president, and Robert Culp secretary-treasurer.

Charles Esenwein and Harry Heltzel will be leaders. Another meeting will be held at the Legion home Tuesday evening, May 7.

Marcus Hum, Legion commander, plans an outstanding Memorial day observance, which will be considered at the meeting of the post next Monday.

Washingtonville

The young people of the Methodist church will attend a sub-county rally at Negley tonight, Harold White of Baldwin Wallace college will be the speaker.

There will be a meeting of the official board and the Sunday school board after the mid-week service Wednesday.

Thirty-three members of Mrs. Ella Mathey's family gathered in the home of her son, Henry, on Saturday evening and celebrated her birthday. A social time was enjoyed. Gifts were received by the honoree.

Club Entertained
The Fortnightly club was entertained in the home of Mrs. Lynn Davis Friday evening. Mrs. Rose Woods was a guest. High scores in cards went to Mrs. Ansel Senheiser, Mrs. Fred Girard and Miss Myrtle Baker. The club will meet with Mrs. Hugh McIntosh in two weeks.

VA Records Show Decline In Unemployment Bonus

WASHINGTON, April 30.—The number of veterans drawing unemployment pay declined for the second straight week in April, and new applications have fallen to a four-month low of 151,757.

Announcing this today, the Veterans Administration said that in the two-week period ended April 20 the number drawing jobless benefits dropped from over 1,704,000 to 1,549,369. Amounts paid fell from a top of \$37,836,013 two weeks earlier to \$35,656,786.

Veterans Administration said the decreases were general throughout the country.

Old Husband More Stable, Says 14-Year-Old Bride

ATLANTA, April 30.—A 14-year-old bride, honeymooning with her 64-year-old bridegroom in a three room cabin along a country road, said today that one thing she liked about the marriage was her husband's age.

"The old ones will stay in place and won't chase around after other women," she told an Atlanta Journal reporter.

The girl, Emma Lee Moore, said she had never been to school but could cook and that her husband, Porter Alexander Banks, a carpenter, liked her chocolate cakes.

The carpenter's application for a marriage license showed he was divorced in February from his first wife.

Emma Lee's mother, Mrs. Rosie L. Moore, who has eight other children, signed a waiver to the marriage. Emma Lee's father died three years ago.

Lady Nearly Choked

While Lying In Bed—Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP! Lease Drug Stores.

Electric Furnace, Eagles Sign Many Newcomers

Conjecture as to where all the ball players are coming from to make up the 18 teams now entered in Salem Class A softball league is partially answered when one considers the lineups of two of the league's new entries, the Electric Furnace and Eagles.

The two clubs, both planning to give all comers trouble in the summer recreational activity, are composed almost entirely of players who did not participate in softball last year or the year before.

This return to play, for the most part, is found among servicemen who are back at civilian pursuits. But many cases players are ap-

pearing who previously had never taken part in Centennial park clubs.

The Eagle entry, a completely different squad from the one which represented the lodge last season, is being managed by John "Tony" Dermotta, husky catching veteran. Big Dermotta, formerly a Salem China star, has signed up a crew of talent that will be troublesome from nearly every department.

At the pitching assignment Tony will use his brother, Hank Dermotta, who twirled for the past four years for the Pesco Products team in the difficult Class A league in Cleveland.

While working in Cleveland, Hank learned the tricks of the pitching trade from some of the country's best softballers and plans to make use of them here.

He has done some pitching here, working at one time for the Roberts entry in Class A.

Big Tony will do the backstop for his brother while another former Salem China star, John DeFavero, will play first base for the Eagles.

Although positions are as yet undecided, Dermotta tentatively plans to utilize Joe Nocera, another ex-Potter, at roving short, Dal Fowler at third, Jim Armetti at shortstop

and Bob "Doggie" Scullion on second base.

Outfield candidates include Jim Hunter, Joe DeFavero, Bill Shepherd, Mike Sartick, Earl May and several others. May, also a former China player, will probably see action in the infield.

Eagle backers are saying that Hank Dermotta will fill the vacancies left by Mutt Schaeffer, Sinclair Butler, and Francis Lanney, fireball Mullins pitcher, in the loops hurling ranks.

The team is well stocked with veterans, all of whom have played years of softball in Salem's leagues and also has a good supply of

rockies who promise to be hustlers.

The Electric Furnace squad, organized by Kenny McClaskey and to be managed by Perry Coy, features a group of returned servicemen, all employees at the Furnace plant.

Positions on the squad are still completely undecided. Coy reports, but the team plans to iron out that situation at a practice session with Demings at Centennial park at 6 p. m. today.

Coy has "Gibby" Everhart, Warren Courtney, Art Horning, Marshall Sutherland, Bob Buckman, Melvin Heston, "Ike" Crowl, Grant

Reichert, Jay Cope and Howard Gray on the tentative squad roster.

Harold Close, a former baseball player and a member of one of the previous Electric Furnace softball teams, will also be a member of the squad, Coy said, and will probably act as field captain.

The team is composed mostly of newcomers to Class A ball, but Close, Everhart, Courtney and several others have participated before. Nearly all are ex-servicemen.

Sutherland and Courtney seem likely to handle the pitching assignments this year.

Andy Mocsary, New Salem Golf Club Pro, Has Long List Of Achievements

Salem district golfers are going to like Andy Mocsary, first full-time professional at the Salem Golf club in 15 years.

Practically raised with a golf club in his hand, Mocsary comes here well versed in all departments of the game.

The genial pro, who has spent his last 22 winters at courses in Florida, began his career as a caddy at Brookside Country Club, Barberton. He later became caddy master and then assistant pro.

He spent 13 summers as pro at the Norwalk (O.) Country Club and two summers as assistant pro at Shaker Heights Country Club.

For 10 seasons he operated his own driving range in St. Petersburg, Fla., then for three winter seasons was pro-manager of the Dunedin Country Club, Dunedin, Fla., a course that is now the National P.G.A. Golf course. It was purchased by the P.G.A. a year ago.

In his years of golfing Mocsary has a few course records to his credit, including a low of 29 for nine holes on the Norwalk course; the record of 63 for 18 holes on same course; low of 65 for 18 holes at Shaker Heights and is co-holder of the course record at Clark's Sunset Golf club with a 64 for 18 holes.

The Clark course was the scene of the St. Petersburg open during the past winter season.

Mocsary has finished third three times in the annual Ohio State Open, tied for second in the Akron district open and third in the Cleveland district open.

A member of the Professional Golfers association, Mocsary will handle all arrangements for tournaments at the Salem course. He will have a full supply of equipment in pro shop.

An ardent enthusiast for better golf for his club members, Mocsary has a reputation for improving the brand of golf played at all the clubs with which he has been associated.

Golf lessons now will be available at the Salem course. The new pro also will have charge of caddies here.

Mr. and Mrs. Mocsary spent Saturday in Salem, at which time he looked over the course and reported that it was in "excellent shape for so early in the season."

He expects to take over his new duties at the club Wednesday. The couple will make their home in Salem.

Learned To Be Mayor

Because the successful candidate was illiterate, majority elections for Odonovats, southern Siberia, were twice annulled. The candidate learned to read and write and, when elected the third time, was permitted to take office.

Contemplate Installing Lights For Softball at Park Diamond

SEEK APPROVAL OF COUNCIL IN \$2,500 CHANCE

Park Board Favors Plan To Relieve Congestion In Class A. B. Leagues

In order to alleviate the congested situation rapidly developing in Salem's organized softball program, the city park commission is seeking permission to install lights at the northern diamond at Centennial park for use by the 18-team Class A league this summer.

Joe M. Kelley and Dana Floding, members of the park commission, are acting on a suggestion that lights be installed this year so that activity in the two leagues—A and B—can be continued at Centennial park as in past years.

The entry has jumped to 18 teams in Class A this year, Kelley says, and the B league will be comprised of at least 10 teams, thereby making the use of at least two diamonds mandatory to complete a full schedule in the A league alone on a daylight basis.

Kelley originally had hoped to secure an additional diamond to handle the B league games, but none has been located that would be large enough nor practical enough for the younger league.

The suggested plan of installing lights at the northern diamond at the park would allow four games a night in Class A, two before dark and two after.

B games could be carried off on the traditional two-game a day basis, both in daylight as in past years.

In this manner the commission feels that the enlarged recreational program could be continued at the park without the necessity of preparing a new and inconvenient field at an expense to the city.

Installation of the lights, similar to ones in use in softball leagues in Warren, Youngstown, Canton and other district communities, would approximate \$2,500.

The commission has authority to use current park funds for the installation, but needs assurance from city council that additional funds for regular operating costs would be forthcoming if needed later in the year.

Kelley is waiting for an answer from council's finance committee and if approval is secured, hopes to have the lights installed early in the season, which is scheduled to begin at Centennial at 6 p. m. Monday.

League managers will meet at the Memorial building at 7:30 tonight to consider arranging the 18-team Class A field into two leagues, final set-up on rules and schedule arrangements.

BROOKLYN AND BOSTON, PACEMAKERS, FACE DEFENDING CHAMPIONS FIRST TIME AS INTERSEASONALS START

By JACK HAND, Associated Press Sports Writer

The major league's current pace makers—Brooklyn's precocious kids and Boston's slugging Red Sox—go on trial today when they engage the defending 1945 champions for the first time.

For the Dodgers and then around the horn to St. Louis, Pittsburgh and Cincinnati will be an acid test. Although the Brooks swept through the east on an eight-game winning spree until they collapsed at New York Sunday, they have been feasting on inept pitching offered by the Phillies and Giants.

Rookies Dick Whitman, Carl Furillo and Ferrell Anderson have been doing a good job but they have been breaking into the big show under most favorable conditions.

Now they encounter some real "pros." Hank Borowy is slated to oppose Ed (No-Hit) Head today and they'll be looking at Max Lanier, Joe Beggs, Rip Sewell, Ed Heusser and Bucky Walters before they come home.

To date, the hitting of Billy Herman (389) who is out with a leg injury, and Pete Reiser (385) has provided the punch to back up some fine hurling by Vic Lombardi, Hank Behrman and Head.

In the American league, the Red Sox must open up against the Detroit ace, Hal Newhouse, winner of his first three starts.

Joe Cronin has been getting fine pitching from Mickey Harris and Joe Doison with Tex Hughson and Dave Ferriss ready to hit their true stride but the slugging has been the thing in Boston.

Shortstop Johnny Pesky, who couldn't hit in spring training, is burning up the league with a .301 average, big Ted Williams boasts a .367 mark and Catcher Hal Wagner is close behind at .364.

Two other regulars, Center Fielder Dominic DiMaggio and First Sacker Rudy York are well over the .300 level.

Just as in the case of Brooklyn, the Red Sox have yet to see the league's best pitching. They face Newhouse today, and probably Dizzy Trout and Al Benton later before Cleveland comes in with Bobby Feller, Steve Gromek, Alie Reynolds and Red Embree. St. Louis and Boston follow.

While the Red Sox are tangling with the World Champions, the Yankees open a long home stand with Cleveland. Manager Lou Boudreau has nominated a slightly "peevish" Bobby Feller to take the hill today.

It seems Rapid Robert is upset by the inference in some quarters that he is "slipping" because he dropped two of his first three starts.

Washington's slow start has been cause for concern in the east but Ossie Bluege hopes to get his left-handed hitting lineup started against the Chicago White Sox toppers Luke Sewell, St. Louis Browns, off to a 500 start, hope to

climb into contention by slapping down Philadelphia in the other series opener.

In other National league interseasonal openers, New York is at St. Louis, Boston at Cincinnati and Philadelphia at Pittsburgh.

St. Louis, the odds-on pennant choice, warms up for the Dodgers by going three rounds with the Giants who experienced a sudden awakening with the addition of Goody Rosen. Giant Owner Horace Stoneham is still talking about a deal with St. Louis for pitching and this first visit would be the logical time to talk turkey.

Mort Cooper's excellent job in Sunday's game has revived Boston's hopes. The trip to Cincinnati should produce an interesting series as the Reds have been doing much better than had been expected.

Pittsburgh's hitting has been way off and the staff sadly needs a first rate pitcher of the "stopper" variety but a series with the Phillies may help the situation. The Phils have been unable to produce either hits or pitching with any consistency.

District Coaches Will Attend Grid Clinic This Week

Representatives of High school coaching staffs in Salem, Leetonia, Columbiana, Lisbon and several other county schools will attend the first Paul Brown football clinic at the Hollenden hotel, Cleveland, Friday and Saturday of this week.

From Salem, Coaches Ben Barrett, Joe Kelley, Frank Tarr and Bob Miller will attend the two-day session. Charlie Mather of Leetonia, John Cabas of Columbiana and at least one coach from Lisbon are planning to attend.

The two-day program of "football talk" will be highlighted Friday evening with a banquet at which Jim Crowley, All-America football conference president and Paul Brown of the Cleveland Browns, will be the principal speakers.

Fritz Howell, head of the Cleveland Associated Press bureau, will be toastmaster.

Informal football discussion groups will study plays and policies contemplated for use by the Browns next fall. About 400 coaches and newspapermen are expected at the affair.

Electric Furnace, Eagles Sign Many Newcomers

Conjecture as to where all the ball players are coming from to make up the 18 teams now entered in Salem Class A softball league is partially answered when one considers the lineups of two of the league's new entries, the Electric Furnace and Eagles.

The two clubs, both planning to give all comers trouble in the summer recreational activity, are composed almost entirely of players who did not participate in softball last year or the year before.

This return to play, for the most part, is found among servicemen who are back at civilian pursuits. But in many cases players are ap-

pearing who previously had never taken part in Centennial park clubs.

The Eagle entry, a completely different squad from the one which represented the lodge last season, is being managed by John "Tony" Dermotta, husky catching veteran.

Big Dermotta, formerly a Salem China star, has signed up a crew of talent that will be troublesome from nearly every department.

At the pitching assignment Tony will use his brother, Hank Dermotta, who twirled for the past four years for the Peco Products team in the difficult Class A league in Cleveland.

While working in Cleveland, Hank learned the tricks of the country's best softballers and plans to make use of them here.

He has done some pitching here, working at one time for the Roberts entry in Class A.

Big Tony will do the backstopping for his brother while another former Salem China star, John DeFavero, will play first base for the Eagles.

Although positions are as yet undecided, Dermotta tentatively plans to utilize Joe Nocera, another ex-Potter, at roving short, Dal Fowler at third, Jim Arnetti at shortstop

and Bob "Doggie" Scullion on second base.

Outfield candidates include Jim Hunter, Joe DeFavero, Bill Shepherd, Mike Sartick, Earl May and several others. May, also a former China player, will probably see action in the infield.

Eagle backers are saying that Hank Dermotta will fill the vacant left by Mutt Schaeffer, Sinclair Butler, and Francis Lanney, fireball mullins pitcher, in the loops hurling ranks.

The team is well stocked with veterans, all of whom have played years of softball in Salem's leagues and also has a good supply of

rockies who promise to be hustlers, Dermotta says.

The Electric Furnace squad, organized by Kenny McClaskey and to be managed by Perry Coy, features a group of returned servicemen, all employees at the Furnace plant.

Positions on the squad are still completely undecided, Coy reports, but the team plans to iron out that situation at a practice session with Demings at Centennial park at 6 p. m. today.

Coy has "Gibby" Everhart, Warren Courtney, Art Hornins, Marshall Sutherin, Bob Buckman, Melvin Heston, "Ike" Crowl, Grant

Reichert, Jay Cope and Howard Gray on the tentative squad roster.

Harold Close, a former baseball player and a member of one of the previous Electric Furnace softball teams, will also be a member of the squad, Coy said, and will probably act as field captain.

The team is composed mostly of newcomers to Class A ball, but Close, Everhart, Courtney and several others have participated before. Nearly all are ex-servicemen.

Sutherin and Courtney seem likely to handle the pitching assignments this year.

Andy Mocsary, New Salem Golf Club Pro, Has Long List Of Achievements

Salem district golfers are going to like Andy Mocsary, first full-time professional at the Salem Golf club in 15 years.

Practically raised with a golf club in his hand, Mocsary comes here well versed in all departments of the game.

The genial pro, who has spent his last 22 winters at courses in Florida, began his career as a caddy at Brookside Country Club, Barberton. He later became caddy master and then assistant pro.

He spent 13 summers as pro at the Norwalk (O.) Country Club and two summers as assistant pro at Shaker Heights Country Club.

For 10 seasons he operated his own driving range in St. Petersburg, Fla., then for three winter seasons was pro-manager of the Dunedin Country Club, Dunedin, Fla., a course that is now the National P.G.A. Golf course. It was purchased by the P.G.A. a year ago.

In his years of golfing Mocsary has a few course records to his credit, including: a low of 29 for nine holes on the Norwalk course; the record of 63 for 18 holes on same course; low of 65 for 18 holes at Shaker Heights and is co-holder of the course record at Clark's Sunset Golf Club with a 64 for 18 holes.

The Clark course was the scene of the St. Petersburg open during the past winter season.

Mocsary has finished third three times in the annual Ohio State Open, tied for second in the Akron district open and third in the Cleveland district open.

A member of the Professional Golfers association, Mocsary will handle all arrangements for tournaments at the Salem course. He will have a full supply of equipment in pro shop.

An ardent enthusiast for better golf for his club members, Mocsary has a reputation for improving the brand of golf played at all the clubs with which he has been associated.

Golf lessons now will be available at the Salem course. The new pro also will have charge of caddies here.

Mr. and Mrs. Mocsary spent Saturday in Salem, at which time he looked over the course and reported that it was in "excellent shape for so early in the season."

He expects to take over his new duties at the club Wednesday. The couple will make their home in Salem.

Contemplate Installing Lights For Softball at Park Diamond

SEEK APPROVAL OF COUNCIL IN \$2,500 CHANGE

Park Board Favors Plan To Relieve Congestion In Class A, B, Leagues

In order to alleviate the congested situation rapidly developing in Salem's organized softball program, the city park commission is seeking permission to install lights at the northern diamond at Centennial park for use by the 18-team Class A league this summer.

Joe M. Kelley and Dana Floding, members of the park commission, are acting on a suggestion that lights be installed this year so that activity in the two leagues—A and B—can be continued at Centennial park as in past years.

The entry has jumped to 18 teams in Class A this year, Kelley says, and the B league will be comprised of at least 10 teams, thereby making the use of at least two diamonds mandatory to complete a full schedule in the A league alone on a daylight basis.

Kelley originally had hoped to secure an additional diamond to handle the B league games, but none has been located that would be large enough nor practical enough for the younger league.

The suggested plan of installing lights at the northern diamond at the park would allow four games a night in Class A, two before dark and two after.

B games could be carried off on the traditional two-game a day basis, both in daylight as in past years.

In this manner the commission feels that the enlarged recreational program could be continued at the park without the necessity of preparing a new and inconvenient field at an expense to the city.

Installation of the lights, similar to ones in use in softball leagues in Warren, Youngstown, Canton and other district communities, would approximate \$2,500.

The commission has authority to use current park funds for the installation, but needs assurance from city council that additional funds for regular operating costs would be forthcoming if needed later in the year.

Kelley is waiting for an answer from council's finance committee and if approval is secured, hopes to have the lights installed early in the season, which is scheduled to begin at Centennial at 6 p. m. Monday.

League managers will meet at the Memorial building at 7:30 tonight to consider arranging the 18-team Class A field into two leagues, final set-up on rules and schedule arrangements.

BROOKLYN AND BOSTON, PACEMAKERS, FACE DEFENDING CHAMPIONS FIRST TIME AS INTERSEASONALS START

By JACK HAND, Associated Press Sports Writer

The major league's current pace makers—Brooklyn's precocious kids and Boston's slugging Red Sox—go on trial today when they engage the defending 1945 champions for the first time.

For the Dodgers' youthful crew, the opening interseasonal series takes them to Chicago and then around the horn to St. Louis, Pittsburgh and Cincinnati will be an acid test.

Although the Brooks swept through the east on an eight-game winning spree until they collapsed at New York Sunday, they have been feasting on inept pitching offered by the Phillies and Giants.

Rookies Dick Whitman, Carl Furillo and Ferrell Anderson have been doing a good job but they have been breaking into the big show under most favorable conditions.

Now they encounter some real "pros." Hank Borowy is slated to oppose Ed (No-Hit) Head today and they'll be looking at Max Lanier, Joe Beggs, Rip Sewell, Ed Heusser and Bucky Walters before they come home.

To date, the hitting of Billy Herman (.389) who is out with a leg injury, and Pete Reiser (.385) has provided the punch to back up some fine hurling by Vic Lombardi, Hank Behrman and Head.

In the American league, the Red Sox must open up against the Detroit ace, Hal Newhouse, winner of his first three starts.

Joe Cronin has been getting fine pitching from Mickey Harris and Joe Dobson with Tex Hughson and Dave Ferriss ready to hit their true stride but the slugging has been the thing in Boston.

Shortstop Johnny Pesky, who couldn't hit in spring training, is burning up the league with a .301 average, big Ted Williams boasts a .367 mark and Catcher Hal Wagner is close behind at .364.

Two other regulars, Center Fielder Dominic DiMaggio and First Sacker Rudy York are well over the .300 level.

Just as in the case of Brooklyn, the Red Sox have yet to see the league's best pitching. They face Newhouse today and probably Dizzy Trout and Al Benton later before Cleveland comes in with Bobby Feller, Steve Gromek, Allie Reynolds and Red Embree. St. Louis and Boston follow.

While the Red Sox are tangling with the World Champions, the Yankees open a long home stand with Cleveland. Manager Lou Boudreau has nominated a slightly "peevy" Bobby Feller to take the hill today.

It seems Rapid Robert is upset by the inference in some quarters that he is "slipping" because he dropped two of his first three starts.

Washington's slow start has been cause for concern in the east but Ossie Bluege hopes to get his left-handed hitting lineup started against the Chicago White Sox toppers. Luke Sewell's St. Louis Browns, off to a 500 start, hope to

DERBY MILE TEST CHURCHILL DOWNS FEATURE TODAY

Question As To Whether 9th Annual Pre-Run Might Be Best Race

By SID FEDER

LOUISVILLE, Ky., April 30.—It was a matter for argument today whether this afternoon's Derby trial mile preview figured to be a better horse race than Saturday's Kentucky Derby production.

Derbytown wasn't talking so much about who might win the mile trial in the mud among 14 candidates for Saturday's \$100,000 run as it was about who would go to the post today as favorite.

It was the biggest field ever in the nine year history of this final preview for the big heat—a preview incidentally which never has sent its winner on to take the large pot the following Saturday. Three times the horse which finished second in the trial mile followed it up the next Saturday by hitting the big jackpot—Lawrin in 1938, Gallahadion in 1940 and Whirlaway in 1941. But never has any gee-gee rung the cash register in both.

Spy Song A Favorite
In today's trial will be Spy Song, Assault, Rippey and In Earnest to give this trial mile the classiest set of Derby contenders it has ever had. For the first time in Derby history, most of the varsity jockeys are on hand. Altogether, eight of the horses in the trial field figure to start Saturday.

Spy Song, Charlie Fisher's high-speed hope piloted by front breaking Johnny Longden, figured to be the narrow choice today, with another front runner, Oil-Man Bill Hells' Rippey and two swifties—Assault, the Wood Memorial winner, and Little In Earnest, trained by Ben Jones—right behind.

Then there were Mrs. Vera S. Bragg's stretch-running Mist O' Gold and the Canadian candidate, Robert S. McLaughlin's Wee Admiral, and Al Ernest's Consistent Almond to provide the dark-horse tint to the picture.

That was the best of them, along with the front-running Marylander, Marine Victory, and the well-worn Dark Jungle a son of the blue grass who has been burning up the local courses in these parts here lately, and Oscar Brault's With Pleasure, a Chicago contender.

COURT OF APPEALS CLEARS ONE CASE

LISBON, April 30.—The Court of Appeals of this district concluded a one-day session here Monday, dismissing the case of Carl E. Ervin vs. the Ervin Machine Co. at the appellant's request, continued the appeal of Clinton Daniels, convicted of murder, and will hand down decisions in four other cases heard today within a short time.

The court, which heard arguments in four cases, will now read all briefs submitted before rendering an opinion in the following cases:

Private Eddy Post No. 66, Veterans of Foreign Wars, vs. Michael Turk of East Liverpool, in which the veterans, as landlords, seek possession of the Winland auditorium property.

City of East Liverpool vs. Vernon McBurney, East Liverpool, in which the city seeks a reversal of the municipal court ruling giving McBurney possession of \$194 recovered from seized slot machines.

McBurney had entered a plea of guilty and paid a fine of \$50 on a charge of exhibiting gambling devices for gain, following his arrest Dec. 16, 1945.

Other cases awaiting a decision of the higher court include the appeal of Eugene Paul Altomare of Salem, found guilty of a charge of burglary and larceny, and an estate case carried up from the probate court in regard to the guardianship of Catherine Miller Wisner, now Kathleen Kaminski.

Army Wasteful Of Food. Sec. Patterson Is Told

WASHINGTON, April 30.—The Army got a bad report card today for a lot of its KP departments.

Secretary of War Patterson was told the Army has overstocked food, wasted it and cooked and served it in a manner "definitely below the accepted practices of commercial hotels and restaurants." The findings were made by a special nine-man committee of civilian food experts assigned by Patterson to survey army food management and propose conservation methods.

said his section "has no information as to Tokayama's politics. In fact, no political party was mentioned in connection" with the case.

No extra guards were visible around the MacArthur office today. The announcement stated "the supreme commander of the Allied powers has again refused to permit any unusual precautions to be taken for the protection of his life."

Celebrations Scheduled
Big labor celebrations are scheduled for Tokyo and other sections in Japan's first May day observance in 11 years. Three hundred thousand are expected to gather in front of the Imperial palace, one block from MacArthur's headquarters, for speeches and a parade.

MacArthur did not plan any variation from his routine for tomorrow and will not make any because of the plot, Bunker said.

Headquarters recalled that rumors of such plots against MacArthur had been heard several times, but they failed to materialize sufficiently to be considered seriously. However, on Jan. 26—MacArthur's birthday—rumors of such a plot became so strong that Brig. Gen. E. R. Thorpe, then head of the civil intelligence section, issued a statement denying that any threats had been made or that the guard had been augmented.

Kyuhki Tokuda, general secretary of the Japan Communist party, told interviewers the plot "was one calculated to suppress Communist and other popular movements." He blamed it on "militarists and old-line capitalists" seeking to regain power.

Hedge Confirms Mahoning County Fruit Crop Loss

J. C. Hedge, Mahoning county agricultural agent, predicted today most county residents would eat canned fruit next winter due to heavy frost damage to area trees.

Apple, pear and sour cherry trees and strawberry crops were damaged extensively by weekend frosts, he said.

Fruit growers in Columbiana, Trumbull, Seneca, Sandusky, Ashland and other northern Ohio counties also reported heavy frost damage.

Down on the Farm

FIORIELLO H. LAGUARDIA, New York's former mayor and now director of UNRRA, climbs to the top of the wheat ladder to give the farmers a few facts on the food shortage in war-stricken nations. The particular ladder he is climbing is the wheat ladder. He is one leading to a wheat bin near Fargo, N. D., where he gets an on the spot eyeful of the world-saving food. (International)

Large Group Hears Rev. Harvey C. Hahn

COLUMBIANA, April 30.—Rev. Harvey C. Hahn of Dayton, former president of the Ohio Christian Endeavor union, pointed to the increase in church and Sunday school attendance shown by reports from over the country as a hopeful sign in the world crisis, in an address at the Columbiana and Mahoning county Christian Endeavor rally, in Grace Evangelical and Reformed church here last night.

The decline in attendance has been continuous since 1913, he said, but now the pendulum is swinging the other way.

There was a large attendance of members from the two counties.

Rev. Clair V. Beatty, executive secretary of the Ohio C. E. union, announced the state convention to be held in Columbus, June 27-30.

Miss Wilma Knopp of Columbiana, Columbiana county president, welcomed the Endeavorers to her home church, and Rev. Waldo J. Bartels, host pastor, gave the invocation.

Columbiana county C. E. officers met with Miss Knopp at the close of the meeting to consider plans for the next county rally.

OBITUARY

FRANK L. REEVES

Frank L. Reeves, 76, retired merchant, died at 6 p. m. Monday at his home, R. D. 2, Salem, following two months' illness of a heart condition.

Born Nov. 14, 1869, at Henry, Ill., the son of Rev. Harmon and Isabelle Reeves, he spent most of his life near Salem. He was married in December, 1890, to Jennie Nailor at Salem.

Formerly employed as a molder by the Deming Co. and the Victor Stove Co., he later operated the Frank L. Reeves & Co. store on S. Broadway for more than 25 years. He retired in 1928.

He was a member of Phillips church, the Maccabees and the Molders Union. He served as church elder and teacher of the Phillips church Adult Bible class for several years. He was the last member of his immediate family.

Surviving are one daughter, Mrs. T. S. Campbell of Youngstown; two sons, Harmon W. and Carl D. of Salem, and two granddaughters, Jean and Marjorie Reeves of Salem. His wife, Jennie, died 19 years ago.

Funeral service will be held at 3 p. m. Thursday at the Arbaugh-Pearce funeral home, in charge of Rev. Lawrence Rea. Burial will be in Grandview cemetery.

Friends may call Wednesday evening at the funeral home.

MRS. EZRA ASHBOLT

Mrs. Sadie Moore Ashbolt, 73, of Hubbard, died of apoplexy at 1:05 a. m. Sunday at her home.

Mrs. Ashbolt was born in Deerfield township March 1, 1873, a daughter of Alexander T. and Katherine Kutz Moore. She went to Hubbard in 1914. She was a member of North Georgetown Lutheran church.

She leaves her husband, Ezra; a daughter, Mrs. Harold Clark of New Castle, Pa., and a brother, Lyman J. Moore of Youngstown.

Funeral services will be held at 1 p. m. Wednesday at the residence and 2:30 p. m. in the North Georgetown Lutheran church.

ANDERSON WARNS OF MORE FOOD SLASHES

WASHINGTON, April 30.—Secretary of Agriculture Anderson, declaring that food shortage may continue into 1948, said today the government will appeal for further sacrifices on the homefront during the months ahead.

He did not say what kind of sacrifices may be called for. The secretary said many foods will be in short supply the remainder of this year, that some will continue short throughout 1947, and that a few may be inadequate to meet demands even in 1948.

Americans, he said, will have to get along with 20 per cent less fats and vegetable oils "during the months immediately ahead" than in the corresponding months last year.

countries would make available to insure carrying out of the surrender terms would be determined by a commission of control.

German, Jap Stand Separate
Byrnes emphasized that the proposed mutual assistance treaties concerning Germany and Japan would be entirely separate from the peace treaties with the two former enemy countries.

He said that a draft of the mutual assistance pact dealing with Germany was contained in secret documents sent to Moscow, Paris and London several months ago.

The only decision reached by the ministers yesterday was to place at the tail-end of the agenda the "preliminary" discussion of the "whole German problem."

This generally was interpreted as a victory for Britain over French requests for definitive talks on the Ruhr and Rhineland.

Most of the session was devoted to discussion of the future of Italian colonies, with Russia expressing willingness to compromise on her earlier demands for exclusive trusteeship over Tripolitania.

See Lighter Pigs As Result Of Corn Bonus

CHICAGO, April 30.—The little pig who comes to market from this point on is going to be a lot thinner than his colleagues who arrived earlier this year.

That will be one result of the government's campaign to get corn off farms, livestock traders said today. The government is paying a bonus of 30 cents a bushel over ceiling prices for better grade corn.

Lighter weight pigs means less fat on pork chops, roast pork, bacon and other hog derivatives—a fact which, traders admitted, is interesting physically but is primarily academic to housewives who can't find meat anyway.

Supreme Court Hits Unlawful Evictions

WASHINGTON, April 30.—The Supreme court agreed today to tell federal courts how far they should go in preventing evictions of tenants from homes while appeals are pending.

The department of Justice asked the court to define extent of the courts' authority in cases involving OPA regulations. It warned that "any break in the system of control would result in grave hardship for tenants illegally evicted, and an extreme pressure on the rent ceilings."

The department said the sixth federal circuit court of appeals at Cincinnati needs to be "set straight" as to "the necessity of preventing evictions" pending appeals under OPA rules.

The government brought two cases to the high court. In one it contended Robert C. Bever had been improperly evicted from his apartment after the landlord began proceedings before a Covington, Ky., justice of the peace to regain possession. The circuit court later ruled it could do nothing because the tenant had left the property.

In the other case, OPA had sought to restrain eviction of a tenant from a Columbus, Ohio, house owned by the estate of Emma Gang. OPA asked the circuit court for an injunction pending final determination on an appeal. The application was denied.

If landlords, the department said, "can deprive tenants of all protection by evicting them before remedial action can be taken in the federal courts, they will be greatly encouraged to attempt unlawful evictions."
